

DOORS

RIVA ADS 90 PL.SI

The RIVA ADS 90 PL.SI (Super Insulated) is the entrance to the inner life of your home – a door to your private well-being. Thanks to a variety of design options our products can be perfectly matched to your own desires and to the architecture of your home. The RIVA ADS 90 PL.SI exterior door simultaneously offers protection from cold and through the easy integration of security functions, it also offers protection from uninvited guests.

In addition, an extensive selection of equipment and accessories guarantees a door that is tailored to your desires. House doors from BENEDICT + RIVA meet the highest standards for thermal insulation and sound reduction and, in addition, a barrier-free combination EPDM and aluminum threshold.

Product information:

- Harmonizes superbly with facades and window systems

DESIGN SPECIFICATIONS

Face width min. 147 mm

Overall system depth min. - max. 90 mm

TECHNICAL SPECIFICATIONS

CE mark yes

Verification of permanent functionality class 5

Vent weight max. 160 kg

Glass/panel thickness min. - max. 26 - 53 mm

SUSTAINABILITY

Differential climate behavior class 3(d),3(e)

Uf-value frame ? 1,4 W/(m² ·K)

Wind load resistance class C5

FUNCTIONS

DIN direction DIN left / right

Break-in resistance up to RC 3

We are experts in designing, manufacturing and installing complex facades.
