

## PANORAMIC GLAZING

/ SCHIEBETÜR RIVA  
SLIDE-A 70.HI

Frameless panorama windows in ultra-modern design for maximum transparency. The inside and outside become one space: Frameless sliding windows from BENEDICT + RIVA enable a flowing transition between rooms and outdoor areas. For a limitless sense of space that meets the most modern design requirements. The RIVA panorama windows also enable the utmost transparency in transit areas. The frameless design opens up high filigree design possibilities for architects and planners; it has an elegant and reserved effect. The panorama windows can be adapted to your desires; there are no limits to your creative design freedom, and there is no need to dispense with energy-efficiency through insulating materials. Maximum barrier-free access is enabled through the thresholdless transition. On request the frameless sliding windows from BENEDICT + RIVA can also be equipped with an electric opening mechanism.

## DESIGN SPECIFICATIONS

Face width	86 mm
Face width casement frame min. max.	86 mm
Casement frame overall depth	70 mm
Element width max.	18000 mm

## TECHNICAL SPECIFICATIONS

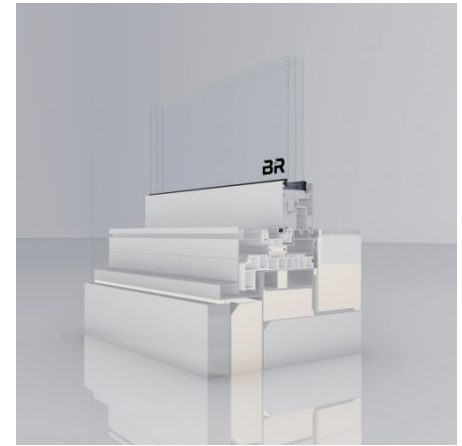

Number of tracks	single-track, double-track, triple-track
Operating forces	class 1
CE mark	yes
Verification of permanent functionality	class 2

## SUSTAINABILITY

Uf-value frame ?	2,0 W/(m <sup>2</sup> ·K)
Wind load resistance	C5/B5

## FUNCTIONS

Mode of operation	manual
Break-in resistance	up to RC 2
Zero level threshold	yes
Opening type	type 1A, type 1B, type 1D, type 2A, type 2A/1, type 2B, type 2C, type 2D, type 2D/1, type 3E, type 3E/1, type 3F

## Product information:

- Limitless sense of space
- Barrier-free access for the living area and work area
- With removable lift/lower elements for easy cleaning
