Einflügliges Fenster mit VentoFrame Asonic AIR
Single-vent window with VentoFrame Asonic AIR

[illegible]

A diagram showing a nested square structure. The outermost square is light blue. Inside it is a smaller square, also light blue. Inside that is a white square. Inside the white square is a green triangle. The green triangle has its base on the bottom edge of the white square and its apex at the center of the white square. The green triangle is labeled '1' in a red circle. The white square is labeled '2' in a red circle. Red lines connect the labels to the corresponding shapes.

This architectural floor plan illustrates the layout of the first floor. The plan is oriented with a north arrow pointing towards the top right. The central feature is a large, rectangular hall with a light blue floor, flanked by two long, narrow rooms with light green floors. To the left of the central hall is a large, open area with a light green floor, featuring a central staircase and a large, open space. To the right of the central hall is a large, open area with a light green floor, featuring a central staircase and a large, open space. The plan also shows various rooms, including a kitchen, a living area, and a bedroom, all with different floor colors and patterns. The overall design is modern and functional, with a focus on open spaces and natural light.

This architectural floor plan illustrates the layout of the first floor. The plan is rectangular with a central corridor. On the left side, there are two large rooms, each containing a green checkered pattern, likely representing a kitchen or dining area. A central staircase is located in the middle of the plan. On the right side, there are two more large rooms, also with green checkered patterns, and a smaller room at the bottom right. The plan includes various architectural details such as doors, windows, and furniture placement, all rendered in a stylized, colorful manner.
